Welcome to the next level of learning!

Flexible Technology Solutions  The higherL Service Advantage™

HigherL Learning Management Solution

Combines great learning technology with hands-on instructor support to empower instructors as never before to create a superior teaching and learning experience.

HigherL Learning Management Solution (LMS) is a web-based learning management tool that offers automated course management, easy assignment and assessment tracking, time-saving gradebook management, and course communications.

Key Benefits for instructors

- **Focus More on Teaching** - Let our knowledgeable staff of 'course developers' set up your course in our LMS and, if you wish, suggest ways to improve your course delivery and management.
- **Increase Productivity** - With fewer hours spent grading exams and assignments, you can effectively manage larger classes and spend more time with students.
- **Peace of Mind** - Availability, redundancy, highly reliable uptime, and data protection ensure that your course is secure, well managed and runs smoothly.
- **Never Feel Alone** - Our customer-centric approach offers efficient, friendly and knowledgeable support from beginning to end. Ask about the higherL Service Advantage™

Key Features

-  **Automated Assessments** - HigherL LMS automates the process of grading student exams and students receive instant feedback.
-  **Visually Appealing and Intuitive Interface** - Exceptionally easy to use, you and your students will become proficient at using the system with little to no training.
-  **Robust Gradebook** - The online, easily-configurable gradebook makes creating and managing assignments, quizzes, and tests a breeze.
-  **Reliable, Web-based Platform** - The system is completely online and web-hosted by higherL.
-  **Complete Support** - We provide unlimited telephone and email support for you and your students. Ask about the higherL Service Advantage™
-  **Customizable Platform** - HigherL LMS can easily integrate desired branding and existing institution applications such as registration, billing, and games.
